The first five-man board of the newly combined Union Sanitary District was elected by voters of Centerville, Niles and Newark at a special election Monday. The new board will be composed of three members of the former Union board and two former members of the Niles Sanitary District board.

Elected to the new board were: George Coit, Centerville; Manuel Bernardo, Centerville; H. L. Scott, Niles; George Burr, Niles, and S. G. Scott, Newark. Chester Gunn, sixth candidate for the five-man board, was but 34 votes under his nearest opponent.

### COIT, BERNARDO HIGH

Coit and Bernardo, both charter members of the Union board since it was formed in 1918, received the highest number of votes, with Coit getting 425 and Bernardo 383.

H. L. Scott was third high in vote tallies with 358, followed by Burr with 312, S. G. Scott with 301 and Gunn with 267.

At the first meeting of the newly elected directors they will draw lots to determine who will serve four-year terms and who will serve the two-year terms. They will also elect one of the board to serve as president.

### INCUMBENT LOSES

The only other contest, at Decoto, resulted in a write-in candidate, Al Ferreira, defeating Clarence Frates, incumbent, by an overwhelming vote.

Elected to the Decoto board were George Smith with 169 votes and Ferreira with 138. Frates, also a write-in candidate although he was an incumbent, polled but 17 votes.

A record light vote was cast at Irvington and Mission San Jose where Raymond Benbow and Joseph Pereira were unopposed. Each received 24 votes at Irvington and 18 votes at Mission.

Directors Alvin Rose, M. P. Goularte and Fred Joyce were re-elected at Alvarado with no opposition. Rose and Joyce each received 38 votes and Goularte received 37. Joseph Jacinto, only candidate for assessor for the district, received 33 votes.

## DAYLIGHT SAVING ENDS SATURDAY

An extra hour's sleep for Californians Saturday night and Sunday morning will herald the termination of summertime daylight saving time.

The statute approved by the voters at the November 8, 1949, election, specifies that daylight saving goes into effect at 1 a.m. on the last Sunday in April and ends at 2 a.m. on the last Sunday in September.

The ceremony will be accomplished merely by local residents turning their clock back one hour when they retire Saturday night, returning the sixty minutes gained on the sun when clocks were advanced an hour in April.

## ENGINEER ADDED TO LOCAL WATER DISTRICT STAFF

The Alameda County Water District board, at a special meeting held at the office in Centerville on Wednesday afternoon, hired Matt Whitfield Jr. to assist in the engineering duties and to learn the managements requirements.

The announcement was made by W. D. Patterson, board president, who stated, "We on the board feel very fortunate in obtaining the services of a man with such a background of education and experience as Mr. Whitfield."

Whitfield is a graduate of Santa Clara University, where he majored in engineering. He served as a navy lieutenant during World War II and since that time has held high engineering positions.

### PREPARE FOR RAINS

It was also decided at the meeting the district would begin work immediately on readying Alameda Creek, the percolation pits and the fault lines in preparation for the winter rains.

One of the first operations is to be an attempt to repair the damage to the Niles fault caused by previous operators. Also included will be the cleaning out of Alameda Creek and the reopening of the channel under the Clarke Bridge near Niles.

One of the major operations to be done by the district is the removal of silt from the bottom of the percolation pit near Niles. The exposed gravels were partly sealed off last winter when a large portion of the bank on the east side slid into the pit.

### REQUEST AID

Patterson told the board members that he and H. F. Harrold, engineer for the district, had on Monday and Tuesday attended the hearings in San Francisco, being conducted by State Senator Crittenden. At those hearings the two representatives of the local board expressed the need of this area in obtaining water from the Central Valleys project.

### STATE DEPARTMENT APPROVES NILES SCHOOL

E. D. Bristow, superintendent of the Niles elementary school district, announced this week he has received a communication from Edgar W. Parson, field representative for the school planning of the State Department of Education, that the department has approved the acquisition of the new school site for Niles.

Now all that remains before the property becomes part of the school district is for the voters to put their okay on the deal at an election to be held on October 5.

The property is in the Ellsworth Orchard tract, off of Orchard Drive.

### HAYWARD WOMAN KILLED ON HIGHWAY AT DECOTO

Mrs. Charlotte Nellie Martin of Harren Drive, Hayward, was fatally injured Sunday night when she was struck by an automobile while crossing the Niles-Hayward Highway at Decoto.

Her husband, Thomas, told officers that they had parked their car across the street from a business house and had started to walk across the street when she was struck.

Driver of the car was George Cornelius Powell Jr., of Oakland.

## PICTURE PUZZLE IDENTIFIED BY 37 CONTESTANTS

Two Niles men, Wayne Calhoun and Vernon Ellsworth, were last week's winners of The Register's picture puzzle, "Guess Where" contest.

Calhoun was the first and Ellsworth was the tenth person to call and correctly identify the picture as the crossing of the Southern Pacific and Western Pacific railroads at the Niles Tower near Niles.

Of the countless number of calls made by residents of the township, 37 correctly identified the mystery picture and its location.

Rules for this week's contest will remain the same, that no calls will be accepted before 9 a.m. today (Friday), and the participants will not be told whether or not their guess is correct. However, this week's winners will be the first and twentieth persons to telephone The Register and correctly identify the subject of the picture and its location. Both will receive checks for \$2.50.

Persons correctly identifying last week's picture, and the order in which they phoned were: Wayne Calhoun, Niles; Helen Lewis, Niles; Harry Cesari, Niles; Loren Godwin, Niles; Terry Burness, Irvington; Tom Robbins, Niles; Ben Murphy, Niles; Mildred Oliveira, Niles; A. L. Juhl, Niles; Vernon Ellsworth, Niles.

John Franco, Niles; Allan Walton, Centerville; F. A. Stearns, Niles; Wesley Hammond, Newark; Lennie Huizar, Newark; Mrs. George Rose, Niles; Mrs. Peter Quartaroli, Niles; Mrs. Edwin Harrison, Newark; William Enos, Irvington; Kenneth Cole, Niles; J. I. MacGregor, Centerville.

Joe Roche, Irvington; Everett Green, Niles; Jerry Sloniker, Niles; George Meek, Niles; Evan Parry, Niles; Tony Chivers, Niles; George Burr, Niles; Geraldine Rebello, Niles; Bud Lampley, Niles; Albert Perez, Niles; Bain Leask, Niles; Richard DeMotte, Centerville; Mrs. Edward Oliveira, Niles; Jud Taylor, Centerville; Georgia Rebello, Niles; and John Faria, Niles.

If you think you know the correct answer to this week's "Guess Where" photo, phone The Register at Niles 3261 or 3271, but act promptly.

## CENTERVILLE ZONING PLAN WINS BACKING

Fuller cooperation of the Alameda County Planning Commission has been assured the Centerville Chamber of Commerce on its plan to establish a zoning ordinance for the community.

Secretary Gene Manning, at the luncheon meeting of the Chamber Monday at Kleine's Cafe, read a letter received from John Thomas, engineer for the county commission, in which he stated that he would be glad to meet with the Chamber at an early date for a general discussion of the plan.

In his letter Thomas also stated, "At the present time our staff is beginning studies towards an overall plan of highways and land use for the Washington Township area."

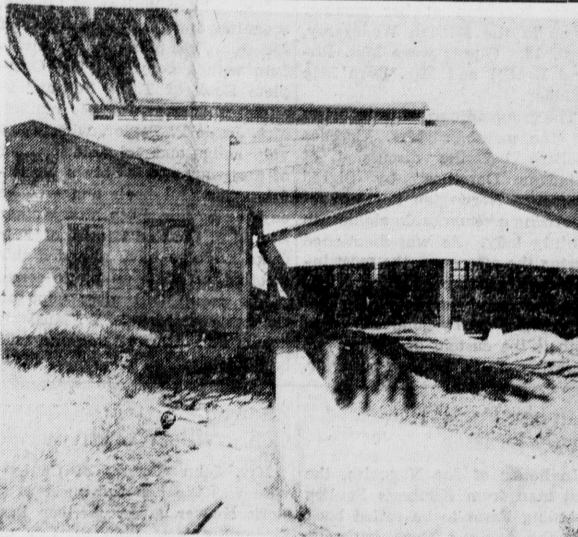

President Edgar Van Scoy instructed the zoning committee, composed of Manning, Judge Allen G. Norris and Lee Williams, to meet with Thomas and arrange the procedure to be followed.

Ralph Goodwin, chairman of a committee named to ask the Bank of America officials to install a night depository for its patrons, reported that the request had been turned down because they felt the area was too small for such a service at the present time.

Bill Chilcote was named Chamber secretary, succeeding Manning, who resigned to accept the position as executive secretary of the Township Chamber of Commerce.

### ENROLLMENT CLIMBS

Daily attendance at Washington Union High School reached a record 715 this week as late enrollments continued to boost the size of classes at the school.

FROM OUT OF THE PAST . . . The building shown above served the residents of Washington Township long and well but has now become a part of another era. Around it bristled many homes and stately palm trees. Today it stands almost alone, surrounded with weeds and memories. Identify it and its location and telephone The Register at Niles 3261 or 3271 after 9 a.m. and you may win one of the two cash awards in the "Guess Where" contest.

## COMMUNITY CHEST CAMPAIGN OPENS HERE ON MONDAY

Washington Township's annual Community Chest campaign will open here on Monday with a goal of \$7525 to be raised by the volunteer workers during the two weeks' drive.

Mrs. Stella Benbow, campaign chairman reminded local residents this week that when they are called upon to contribute to the Community Chest they should bear in mind that they are not giving to one but to eight organizations.

The organizations which will receive portions of the funds raised here are: Boy Scouts, Girl Scouts, Salvation Army, Newark Youth Center, Alvarado Mothers' Club, Irvington Youth Center, Travelers Aid and Associated Services.

The goal this year is \$1,485 higher than last year's goal, brought about by the increased activity in Scouting in the township, it was pointed out by Warren Gravestock, Community Chest president.

Mrs. Benbow stated that the appointments of community chairmen were completed this week with Mrs. Elmer Peixoto named to head the campaign in Decoto.

Other community chairmen are: Walter Oakey, Alvarado; Mrs. Ralph Logan, Alviso; Mrs. Henry Enos, Niles; Mrs. Ray Rodriguez and E. B. Hodges, Centerville; William Beck, Newark; Mrs. Vernon Leal, Irvington; John Souza and Mrs. Bruce Michael, Warm Springs; and Mrs. Glenn Bottenberg, Mission San Jose.

## MRS. GOMES WILL HEAD LEGION POST

For the first time in the history of the Washington Township American Legion Post a woman will be installed as commander at ceremonies to be held at the Memorial Building in Niles on Wednesday evening, September 27.

She is Mrs. Dorothy Gomes of Centerville who served in the Women's Army Corps during World War II.

Added to the precedent-breaking ceremonies is the fact that Mrs. Gomes will succeed her husband, Arthur Gomes, as head of the local legion post.

The new commander served with the WAC's for two years as an airplane mechanic and was discharged in July of 1945 as a private first class. The following year she became the first woman member of the local Legion post. Mr. and Mrs. Gomes were married in Centerville in April of 1947.

Mr. Gomes, who will become junior past commander after Wednesday's installation ceremonies, is an army veteran with three years' service, most of which was spent in the European Theater. He was discharged in December, 1945, as a corporal.

## MANSE BUILDING FUND TO BE OPENED SUNDAY

Reverend Lester F. Eisel will be the guest speaker at the 11 o'clock services at the Centerville Presbyterian Church Sunday, Sept. 24, to start the ball rolling for the Building Fund campaign for a new manse to house the minister and his family. His theme will be "The Challenge of the Church."

When it was learned that it would cost nearly as much to renovate the old manse, which is over half a century old, as it would to build a modern one, it was proposed that the latter was the most sensible and a campaign committee for raising the fund was initiated. The campaign goal is \$10,000 to be raised through a community-wide appeal, with close to fifty men and women of the church calling on residents of this area, Monday, Sept. 25, to Sunday, Oct. 1.

There may be some cash contributions, but most people will be more interested in the "budget" plan the campaign committee has devised. Over an 18-month period of time, one may give as much (or more) as \$6 per month or as little as \$3 per month for this worthy cause.

It is believed that this is the first time in the history of the Centerville Presbyterian Church that a community-wide appeal for funds has been made. Many new members have joined the church since Student Pastor Howard Steward took over the pulpit, and with the area's rapid growth, there will be still more members and more children in the Sunday School. A permanent ordained minister will be in order in the near future and the present manse is in no condition to house anyone in its present state.

The campaign will come to a close at the 11 o'clock service on Sunday, October 1, at which time the result of the campaign will be announced.

## Supervisors Study Tareyton Village Construction Snag

Continued delay in the construction of the 608 new homes in Tareyton at Decoto resulted this week after the Alameda County Board of Supervisors announced that they would take under advisement for one week the problems that have held up the proposed tract.

An appeal of the Middlefield Company from the County Planning Commission's denial of its amended application on a tentative map of Tareyton Village was presented to the supervisors on Monday.

Construction has been held up by complex problems of sanitation, drainage and easements. The Planning Commission has taken the stand that a public agency should administer a sewage disposal plant. The company, however has proposed that the subdivision can operate a \$75,000 plant with a service charge to owners of the 608 homes it proposes to build on the 113-acre site.

### BOND PROPOSED

Arguing the case for T. R. Bechtel, head of the Middlefield Company, Attorney Marvin Sherwin said he felt that a private concern had a right to run a disposal system, and if there was any failure the public had a right to condemn and put it under district operation.

Sherwin maintained that the Decoto Sanitary District was not equipped to handle a \$30,000 feeder line from the tract.

Supervisor George Janssen expressed fear that the county would become responsible for foreclosing on delinquent homes, should the county take over sewage disposal. He asked Sherwin why the Bechtel firm couldn't follow the same procedure as other builders.

Janssen then proposed that the Middlefield Company put up a \$450,000 bond for faithful performance of duty.

Another issue of prime importance was the location of the 10 to 20 acres of evaporation ponds which would be located next to adjacent residential property.

**ZONING ORDINANCE HIT**  
Fred B. Mellman, planning commission member, underscored the apparent need for amendment to the county zoning ordinance, pointing to the fact that approval of the proposed plan would mean the installation of a sewage disposal plant for which no "use permit" is required.

The third problem, that of property easements for drainage, raised a legal question. Sherwin told the supervisors that the Middlefield Company is willing to stand the cost of condemnation. However, the district attorney's stand was that there is a legal question whether the county can condemn for easements for a subdivider.

The supervisors promised to consider the Bechtel appeal and report their verdict by next Tuesday.

## IRVINGTON MAN WOUNDED IN KOREA

Another township man has been wounded in action on the fighting front of Korea, according to word received Tuesday by his parents, Mr. and Mrs. Delbert Gregory of Irvington.

The wounded soldier is J. C. Gregory, 19, who has been in the Army since his seventeenth birthday.

Mrs. Gregory received word of her son through the Red Cross. The information was brief, saying only that he had been shot in the stomach by a sniper, and is now confined in a hospital in Tokyo.

The Gregory family has lived in Irvington since 1942. The wounded soldier is a graduate of Washington High School.

### 'OPEN HOUSE' AT DECOTO SCHOOL

L. W. Musick, superintendent of the Decoto school district, announced this week that an "open house," to give the public an opportunity of viewing the new school plant in Decoto, will be held this Sunday from one to three o'clock.

The public is invited to attend. Refreshments will be served under the sponsorship of the Decoto P.T.A., with Mrs. Elmer Peixoto in charge.

## SHERIFF RESERVE CORPS WILL BE TRAINED HERE

Washington Township's corps of Sheriff's Reserves will receive their training at special classes to be held at Washington Union High School.

Detective Lowell Creighton said yesterday that arrangements had been completed to offer the classes to the volunteers at the school here to make it more convenient for the men in this area who volunteer for service in the event of an emergency. He said that tentative plans call for two two-hour classes per week.

In the meantime, applications are still being accepted in each of the communities of the township. It was revealed that a sizeable group of the men have volunteered in Niles Newark, Alvarado, Decoto, Warm Springs and Mission San Jose, but Irvington and Centerville are lagging with but three volunteers each.

Creighton said that it is hoped that the Sheriff's Reserves will number from 15 to 20 volunteers in each community of the township.

At the completion of the series of classes the men will be sworn in as special deputies, subject to call in emergencies.

Applications may be obtained from Deputies Robert Moore, Henry Vervais or Creighton. Applicants may also phone the sheriff's sub-station at Hayward and ask that a deputy call on them.

Applications will not be accepted from men who are subject to call to the armed forces, either through the draft or as members of the reserves.

## SALT FIRM ASKS TO BUILD NEW DAM

The Leslie Salt Company has applied for a permit to construct an earthen dam on the east side of San Francisco Bay just south of the Southern Pacific tracks at Dumbarton Point.

The proposed dam would be across Plummers Creek about two miles from Newark.

The permit, if granted by the Army Corps of Engineers, does not give any property rights or privileges to injure private lands. The army rules only on public rights of navigation.

Any objections to the proposed dam must be submitted in writing within two weeks to the Army Engineers' office, 180 New Montgomery Street, San Francisco.

## MISS OLIVE HYDE ENTERTAINS DECOTO DISCUSSION GROUP AT LUNCHEON

By ETHEL AVILLA

Miss Olive Hyde was hostess to members and guests of the Decoto Discussion Group for the annual picnic luncheon at her summer home in the Mission Wednesday, Sept. 13. Guests were Mrs. Roland Bendel and Mrs. Dora Mae Scudder.

The group adjourned to the patio for the meeting. Mrs. Florence Wallace led the discussion of "Madame Dorothea" by Sigred Undset, a Norwegian novel characterizing a remarkable eighteenth century lady. As was mentioned during the afternoon, the most interesting thing about this book is that the author has re-created an atmosphere of by-gone days and with it the custom of the people, their dress and manner of behavior.

Sigred Undset won the Nobel Prize for her great historical novel, "Kristin Lavransdatter."

Mrs. Walter Walker of Lincoln, organizer and former chairman of the group, has presented the members with a copy of "The Complete Book of Table Setting" as a gift in memory of her mother, Mrs. Jessie F. Taylor, who was a very active and valuable member of the group. It is both a beautiful and useful book and will be enjoyed by all. Both Mrs. Walker and Mrs. Charles Brown of Fair Oaks, were to have attended this meeting but were unable to come.

The group will meet next on October 4 at Mrs. L. W. Musick's home. Mrs. Clifford Johnson will be the leader.

## Kimber Party for Army Draftee

In honor of Joe Nogueira, the first man from Kimber's Poultry Breeding Farm to be called back into the Army, a steak barbecue was held at the lake at Kimber's on Wednesday evening and was attended by 75 Kimber employees and their families.

The young man, father of two children and a veteran of World War II, will leave for a camp in Washington on September 29. His wife and their children will move up to Sacramento to stay with relatives.

Those who attended the farewell party enjoyed the delicious steak barbecue as well as the boat rides and surf-board riding on the lake, that followed the supper.

Say you saw it in The Register.

## CORONER'S JURY HOLDS INQUESTS

A coroner's jury, meeting at Niles Wednesday to conduct inquests into the death of six Southern Alameda County residents, returned one verdict of murder, two of the deaths were termed accidental and three were pronounced suicides.

Classified as homicide was the death of Flaviano Bonilla, 38, at Pleasanton on September 15. He was shot by Raymond Ramos, a fellow laborer, and the jury of six men recommended that Ramos be charged with murder.

Termed suicides were the deaths of Jose P. Lago, Decoto; Frank Irwin Queen, Hayward, and Robert Weatherhead, Hayward.

The deaths of Mrs. Pauline Silva of Alvarado and Eddie Davidson of Salinas were termed accidental. Mrs. Silva was killed in a jeep accident near Decoto on September 3, and Davidson lost his life near Mission San Jose in a highway accident on September 1.

Members of the jury were Frank A. Rose, Vernon Ellsworth, J. D. Silva, Nello Tonelli, Frank Silva and Edward Freitas.

## NEW DRUG STORE OPENS IN DECOTO

## TOUR OF HOMES AND CHRISTMAS TEA TO HIGHLIGHT SOCIAL SEASON AT YULETIDE

A Christmas tea, which will climax a tour of homes open to the public, is the exciting news that was announced this week by the Child Welfare Club of Washington Township.

Plans for the unusual event were made at this week's meeting of the Club, at the home of President Mrs. Allan Walton, with board members as assisting hostesses.

The Yule season was selected, not only because people are in the mood to entertain and to be entertained at social functions at that time of the year, but because it will provide ample opportunity for the public to view the Christmas decorations in some of the township's loveliest homes. Already scheduled as tentative "open houses" are the homes of Mrs. John Stevenson, and Mrs. Dora Anderson, with almost positive assurance that the brand new home of the L. S. Williams' on Norris Road in Centerville will also be open. Mrs. Eugene Manning's interesting home may also be among those included.

The tea and tour is tentatively scheduled for December 10.

## Centerville Woman 'Covers' California

She returned home in his car, and thenceforth took off to Sacramento to visit her daughter, Mrs. Anthony Casola (Naomi Vieux) who became the mother of a second son, John Christopher, six weeks ago. Captain Casola is still stationed at Mather Field. The couple recently purchased a home in Sacramento. Their first son, Anthony Jr., is now two years old.

## LOCAL GIRL SCOUTS NEED MORE LEADERS

The need for additional adult Girl Scout workers was emphasized at a committee meeting of the Washington Township Girl Scouts held last Friday at the home of Mrs. W. F. Lamoreux, president.

Mrs. Frank Margarido of Decoto was the spokesman who called for additional workers. She pointed out that increased enrollment in almost all of the township schools calls for adult scout workers.

In addition to leaders for Girl Scout troops, she said, there is a definite need for adults who can donate perhaps just a few hours a week to help plan for the girls, or to assemble materials or provide transportation.

Those who wish to volunteer for such services may contact Mrs. Lamoreux of Niles.

## SCHOOL DISTRICT STUDIES GROWTH

A survey just completed by the members of the Board of Trustees of Centerville Elementary School has revealed that 303 new homes are scheduled for occupancy in that community by October of 1951.

The survey was conducted by the board to aid them in planning for the future needs of the school district.

The board members, Judge Allen G. Norris, Ernest J. Sabina and Allan Walton, held conferences with Tom Maloney, district superintendent; Edgar Parsons, field representative with the State Department of Education, and Birge Clark and Walter Stromquist, school architects.

By ELAINE HOWE

All men are enthusiasts for sports; some prefer football or golf, other sport baseball statistics at the drop of a hat, while others find hunting and fishing the height of relaxation and enjoy escaping to the woods in preference to the excitement of the stadium.

There are several recent additions to the library you sportsmen will enjoy. Arthur Daley, sports-writer, seems to know baseball inside out. In "Times at Bat" Daley recounts diamond episodes which have become legendary. There are dozens of amusing anecdotes about baseball players, managers, and even the "lowly" umpires. It is written so informally you hardly realize you are reading a history of the favorite sport of Americans.

Swimming weather is rapidly passing, but expert swimmers are always interested in perfecting their strokes. A book such as "Basic Swimming" by Robert Kip-huth, whose Yale teams have been smashing records since 1917, can be most helpful. The first part is devoted to showing men, women and children how to do basic strokes properly. The second part describes the strokes and turns of competitive swimming, all illustrated with many photographs. Perhaps the most noteworthy is a movie sequence showing the unorthodox style of the sensational Japanese swimmer, Furuhashi.

Nearly all men who enjoy hunting will recognize the name of Charles E. Chapel. He's written a dozen books on all phases of gun care, revolvers, rifles, etc. His latest book, "Simplified Rifle Shooting," is a complete history of the sport. It goes into detail on cartridges, slings, position, rapid fire and ballistics. You can learn how to hit a moving target and how to clean and care for your rifle. All the information has been checked for accuracy by the National Rifle Association.

Tennis is yet another sport whose followers are legion. Bobby Riggs is a star who has played with many of the top players like Don Budge, Pancho Gonzales and Jack

## SHORT STORY

A township woman crossing the Dumbarton Bridge last week stopped to pay her toll. She eyed the toll-taker curiously and asked, "Are you Mr. Frey?"

He nodded in the affirmative. "Well," she said, "I had never seen you in shorts before, so I couldn't be sure it was you."

The handsome young toll-taker looked at her aghast. "Madam," he said, with great dignity, "I'm not quite sure what you mean."

The woman went on to explain. "You see," she said, "I saw the picture in the Township Register of the man who rescued the attempted suicide. I thought it was you, but, of course, I had only seen you in your uniform before."

The toll-keeper smiled. Then he broke into a broad grin. He was very much relieved.

## ROOM FOR RENT

And speaking of Township Register pictures...

There was a picture on our front page two weeks ago for the "Guess Where" contest. You probably remember it. It was a picture of part of the old winery in Irvington. In the archway was an old cot and some battered cooking utensils.

With what we considered a clever bit of whimsy, we had captioned the picture, "FURNISHED ROOM FOR RENT CHEAP."

Much to our amazement, and to our great disbelief, a man came into our office the following week and said, in rather broken English, "That room you got—she still for rent?"

We asked the obvious question, "What room?" "That room," he said enigmatically. "You know—you gotta her picture on the front page. She say—for rent, cheap."

We thought he was only kidding—but we found out he wasn't.

So we told him very solemnly, "We're very sorry, but it's already been rented."

He went out, shaking his head in disappointment. "And she looked like such a nice room, too."

## HIGH SCHOOL P.T.A. PLANS BUSY YEAR

The first fall meeting of the Washington Union High School P.T.A. got off to an auspicious start on September 14, with Mrs. William H. Chivers, the new president, presiding over a well-attended and stimulating meeting that boded well for the future of P.T.A.

First in importance on the agenda was the P.T.A. Carnival which will be held in October, and which is the big money-making project of the unit for the year.

Mrs. Chivers will serve as Carnival chairman, with Bryce Phillips acting as co-chairman. Committees will be named at a later date.

Prior to discussion of Carnival plans however, J. V. Gould, superintendent, followed the traditional custom of introducing all faculty members to the parents who were present, many of them for the first time.

Mr. Gould also discussed the problems connected with building the new commercial wing, stating that increased costs of building materials and labor had made it necessary to postpone the erection of the building, which was to have been completed this winter.

The meeting closed with musical selections and the serving of refreshments.

chance details of her beautiful new car, she remained unfurnished as she brought the car to a halt in the middle of the street, and got out her book of instructions. She sat there and read the directions on "going into reverse," unimpressed by the honking cars all around her and the usual scornful "just another woman driver."

To her credit, let us say that she wouldn't budge until she had read the instructions carefully and properly digested them.

One wonders, however, what would have happened had she forgotten her book of instructions!

Say you saw It In The Register.

## 'GIVE 'EM BEER,' SAY LOCAL FLYERS

"Beer for Our Buddies" is the slogan the Centerville Pilots have adopted in their campaign, inaugurated this week, to raise \$20 to send to Korea to aid in providing recreation—and beer—for the fighting men on the Korean battlefield.

The twenty-five members of the organization of the Centerville Pilots are all ex-servicemen themselves, and are in sympathy with the recent publicity given the request of the soldiers of Korea for the continuance of "G.I. Beer" for the fighting men at the front.

The Pilots have already voted \$20 from their organization's funds. They hope this action will stimulate other flying clubs to do likewise.

Already called back into the service is one of the Pilots' members, Jim Catlin Jr. of Decoto, who served for five years in the last war as a tail-gunner on a bomber. He received his "greetings" from Uncle Sam this week and expects to report at Victorville Airbase for further orders on October 6.

President of the local flyers' club is Frank R. Cardoza of Irvington.

For every 243 hunting and fishing license buyers, one violator is arrested and pays a fine averaging \$42.

### SEASON FOOTBALL TICKETS OFFERED

For the first time in many years local football fans will be offered season tickets to all of the home games of the Washington Union High School Huskies and Puppies, and at a savings.

Officials of the Santa Clara Valley Athletic League, at the close of last year's season, voted a standard price of 74 cents per game for all league games. At that rate fans attending all of the six home games of the Huskies this year would pay \$4.44. The season tickets, however, are being offered at \$3.60.

The season tickets will be good for admission to each of the six double-header home games, bringing the cost per game down to 30 cents.

Irving Hird, coach at the high school, said yesterday that the season tickets are being offered as a means of raising gate receipts in order to hasten the redemption of the scrip sold to finance the construction of the lights for the stadium.

The lighting of the stadium was financed through the sale of \$10,500 in scrip and in the first three years since night football was inaugurated here \$3,440 of the scrip has been redeemed.

The committee is hopeful that with the help of the sale of season tickets the remaining debt can be paid off in the next three or four years.

High School students will sell the tickets through the business districts of each town during the coming week and all residents of the township who desire tickets are asked to either contact a high school student or phone the school, Centerville 8-8302.

### PUPPIES PLAN TO KEEP LEAGUE FLAG

"I have even better material to start this season than I had last year when we won the S.C.V.A.L. championship," was the way Irving Hird, coach of the 30 squad at Washington High summed up his pre-season prospects this week.

Hird counted his blessings in the form of two complete backfields returning this season from last season's championship aggregation. What few holes were left in the line from boosting his last year's players into the varsity are expected to be filled with little difficulty.

"Barring injuries and over-confidence, we should be able to continue last year's string of league victories," Hird stated hopefully.

Two former high school gridiron stars, Danny Goularte and Merle Runolfson, have been assisting Hird with pre-season workouts. Also on the 30 coaching staff is Harry Santos, student teacher from San Jose State.

The Puppies will open their eight-game season on Friday, September 29, against the Poly Tech 30's of San Francisco in a game called for 6 p.m.

### STEEL MILL CLUB IN HAYWARD LEAGUE

Delano's tied Mel and Rudy's with a score of 2-2 on September 19. Delano's committed six costly errors.

Chucker for Mel and Rudy was Mendonca, allowing 4 hits and 2 runs. Avilla pitched for Delano's, allowing 4 hits and 2 runs. Hitters for Delano's were Lynch, Cortez, Avilla and Smith.

Delano's next league game is September 26 vs. Reberios. On Friday night, Sept. 29, Delano's will travel out of town for a game with an opponent as yet unnamed.

Delano's players state that "Class A League in Hayward is the best in Southern Alameda County."

## RODERICK HOMERS IN 15TH TO GIVE IRVINGTON WIN

Stan Roderick, first baseman for the Irvington Merchants, broke up a marathon game with the Millbrae ball club last Sunday by clouting a home run in the fifteenth inning.

John Garcia started on the mound for the Irvingtonites but was relieved in the seventh by Tony Dutra.

The game was tied up at 7-7 in the first half of the ninth when Conway, starting pitcher for Millbrae, weakened and walked five consecutive batters.

After the game had continued to run more and more extra innings, Manager Frank Mayer agreed with the Millbrae manager to call the game at the end of 15 innings. Roderick's home run made it unnecessary to utilize the time limit. A perfect throw from left field by Bud Marshall in the last of the 15th cut off the tying run at the plate and ended the marathon after four hours and five minutes of play.

Local fans will have an opportunity to see the Irvington Merchants in action this Sunday when they will be hosts to the Jeffersons of San Francisco on the Centerville high school diamond in a game called for 2 p.m.

The Jeffersons, sponsored by Acme Breweries, one of the best known ball clubs in the bay area, are a good match for the local club and sportsfans will recall that their games here in the past have been packed with thrills.

### LOCAL GIRL AT GOVERNOR'S CONFAB

Mary Lynn Lamoreux of Niles was a recent delegate to a Youth Conference held on September 18 and 19 at Sacramento. The conference was called by Governor Warren in preparation for recommendations on the needs and opportunities of youth to be presented at the White House Conference which will be held later in the year.

Mary Lynn, a senior student at Washington High, has been active in Girl Scouting here in Washington Township and attended the conference as a Senior Girl Scout Youth delegate. She was accompanied by her mother, Mrs. W. F. Lamoreux, and Mrs. E. H. Lum of the Hayward Area Girl Scout Council.

### NEWARK BOARD MEETING TUESDAY

The first meeting of the Board of Directors for the Newark unit of the P.T.A. will be held at the elementary school on Tuesday, September 26. The meeting will be conducted by President Mrs. J. R. Kettman.

Other officers included on the board are: Mrs. Earl Wilburn, first vice-president and program chairman; Mr. Jack MacGregor, principal, second vice-president; Mrs. Willard Walker, secretary; Mrs. Gladys Farner, fifth grade teacher, treasurer; Mrs. William Dutra, hospitality chairman; Mrs. Ed Kettman Jr., council delegate and membership chairman; Mrs. Fred Melhase, parliamentarian; Mrs. Robert Lloyd, historian; Mrs. Ernest Phippen, publicity chairman. ### COUNTY WINS HONORS AT LOS ANGELES COUNTY FAIR

The Alameda County wine display won first honors this week at the 1950 Los Angeles County Fair.

In the general open class display the county was also awarded a prize consisting of a trophy and \$575 in cash. Fresh cut flowers grown in the San Leandro area were flown daily to the southern fair where they were displayed as a feature attraction in the county exhibit.

## HOPES BRIGHTEN FOR WASHINGTON GRIDIRON SEASON

Jud Taylor and Clyde Voorhees, football coaches at Washington High, cast aside their usual pre-season "crying towels" this week and made some statements, which might even be classified as "almost" optimistic, about this year's grid season.

Biggest worry to the grid mentors is the lack of depth, that is replacements for their first eleven. Tuesday evening's drill marked the first time this season that the Huskies have been able to muster three full teams for workouts.

### EXPERIENCED BACKS

Both expressed belief that prospects this season are brighter than last year and were confident, barring injuries to their first-string veterans, they should finish in the top bracket of the Santa Clara Valley League standings.

Hopes were brightened considerably this week with Sabe Elizarray back in school. Sabe failed to make an appearance the first week of school but has worked out a schedule that will allow him to continue working and attending classes. He is expected to lend great strength at the right halfback position.

George Pagan and Jack Bribes, veteran fullbacks, will share the line-smashing duties. Bribes, weighing in at 210 pounds, has shown up much better in pre-season workouts and will be counted upon for both ground and aerial gains.

### GOOD WEIGHT IN LINE

With a team average of 180 pounds, the Huskies should be able to hold their own on the ground, even though the center of the line is relatively untried.

Speedy little Gil Cicairos, 145-pound left halfback, is expected to develop into the "scat" back and will share pigskin toting assignments with Elizarray.

With rangy George Silveira and Paul Zeisse holding down the end slots the aerial attack of the Huskies should provide the margin of victory in many of their encounters.

The quarterbacking assignment will fall to Joaquin Preciado, who will be backed up by Jack Ferraris.

Mrs. Fred Kuhne, chairman of the membership committee, announced that the drive would open on Monday, September 18, and close on September 29. Mrs. Tom Pereira, president, announced that the first class at the school to attain 100 per cent parent membership would receive a trophy from the P.T.A.

Principal Gus Robertson introduced the following new members of the school faculty: Mrs. Robert Zwissig, kindergarten; Miss Astrid Wetlin, fifth grade; Miss Marie Wetlin, sixth grade, and Richard Mancuso, eighth grade.

Their first stop was at Crescent City, then up to the Oregon Caves, Grant's Pass and then to Portland, Oregon, where they visited many interesting points. On their return trip Jack and May came through the Pacific Highway on to Mt. Hood. May tells us of the most interesting things there is, the new skeeway terminal just completed at Mt. Hood. They left there and traveled to Shasta Dam, Mt. Shasta and on into Redding. The following day they drove over to Hooper Park in Chico. From there they went up to Richardson's Springs for 11 days to rest.

There stood the four-legged animal standing up on the hillside looking down over the town of Decoto and giving the razzberry to all the hunters who didn't get him this year. Well, perhaps you won't be as fortunate next year, sir.

## BIRTHDAY FETED

Last Saturday night Mr. and Mrs. Marion Delgado were host and hostess to a party given in honor of their son, Donald, who was nine years old. Among those present were Renie Delgado, Mr. and Mrs. Fred Sanchez and family, Mrs. Delgado Sr., Mr. E. Panlagua, and many others. Donnie was the recipient of many lovely gifts.

FIRST FALL MEETING

The Ad-a-mites, young matrons' society of the Irvington Community Church, held its first fall meeting last night at the home of Miss Mylah Brewer. Co-hostesses were Mrs. Janet McLaughlin and Mrs. Celia Powell.

The main business of the evening centered around a discussion of ways and means of raising funds for church purposes. Also discussed were plans for the dedication of the new church room.

Mrs. Evelyn Briggs is chairman of the organization.

NEED OF LOCAL  
LABOR CAMP TOLD

The members of the Washington-Eden Center of the Alameda County Farm Bureau were told at their meeting Tuesday evening that if they hope to keep an adequate supply of labor here they must begin preparations for a special permanent labor camp.

Carl W. Miller, local county sanitarian, was the guest speaker and he went on to tell the group that such a camp would have to meet with the restrictions of the health department and would have to have a full time supervisor.

By providing suitable housing is the only manner that you can expect to keep laborers here long enough to get your crops harvested, he told his audience. Roy Clark of Irvington was made chairman of a committee to investigate the possibility of locating such a camp here.

William Allen and Bob Martin of the local Farm Labor office reported to the farm group that their office in Centerville had referred more than 5,000 workers to harvesting jobs in this area since the office was opened in June.

They stated that the Centerville office would close on October 15 unless there is sufficient demand for workers to keep it open the full year.

John Soito of Centerville was named chairman of a nominating committee, which he is to select, and to prepare a slate of candidates for presentation at the October meeting.

Chairman Richard Johnson Jr. announced that the local farm center would be hosts at the annual Farm Bureau banquet on November 8 at the high school cafeteria at 7 p.m. Manuel Abreu, Earl Wallace and Lester Gomes were named on the arrangements committee.

All officers of the Farm Bureau and the various centers will be installed at that annual function.

HAT DESIGNING  
CLASS STARTING

A hat designer formerly associated with one of the most famous milliners in Paris has been persuaded to give a class in millinery under the auspices of the adult education program of Washington High. The announcement was made this week by Warren Gravestock, evening school principal.

Mrs. Ann Giacomelos, the instructor, has been teaching at Hayward Technical High for the past year and also teaches in Oakland. She is said to be outstanding in the hat-designing world.

The class, open to the public without charge, will be held on Mondays at the high school from one to four o'clock. The first class, next Monday, however, will start at 2:30 in the visual education room.

NEWARK 'CUBBERS'  
ASK SUPPORT AT  
MEETING TONIGHT

Will Cub Scouting continue in Newark?

The answer to this important question will probably be decided after a meeting of parents of Cub Scout-age boys, to be held at the Youth Center tonight (Friday), at 7:30 o'clock.

Invitations to all parents of boys of this age group—eight to eleven years—have been extended. If the parents turn out to the meeting tonight in sufficient numbers to indicate their interest in Cubbing, the go-ahead signal will probably be given by Cubmaster Stan Freeman, who is willing to continue with Cubbing if the parents indicate that they will support it by more than lip service.

Warren Gravestock will give a talk on "Cub Scouting and Citizenship." This will be followed by a business and social meeting, concluded by the serving of refreshments.

Assistant Cubmaster is Bill Cole. The Cub committee is comprised of the following: Ken Foster (chairman), William Beck, Ray Alberts, Bill Hildebrand, Manuel Corchero, Billy Brake, Elmer Harris and Bud Kettman.

The greatest need at this time, according to those in charge, is for more den mothers. It is hoped that there will be mothers in the audience tonight who will volunteer for this service.

FORMER NILES MAN  
MADE DISTRICT  
MANAGER AT COLUSA

Friends in the township of A. J. Petsche, for many years manager of the P. G. & E. office in Niles, will be glad to learn that he has been made Colusa district manager. He had formerly been manager of the Colusa office. The news of the promotion was made known by William R. Bowler of Marysville, manager of the company's Colgate division.

The rapid growth of the Colusa area and its increasing importance in the operations of the company are responsible for the change of the Colusa office from local to full district status. This also will increase the local responsibility that Petsche will exercise, Bowler said.

Petsche, who was active in many community and civic affairs when he lived in Niles, has been with the Pacific Gas and Electric Company for 25 years. He began as a clerk in the accounting department of the East Bay division in November, 1925. After a short period in this department, he was transferred to the commercial department where he spent four years. He then was promoted to local agent at Niles. He went to Colusa in July, 1947, and has served as local manager since that time.

Mrs. Petsche, also active in community affairs, has become president of the Colusa Women's City Club.

## Reception for Niles Newlyweds

Mr. and Mrs. Raymond Murphy of Niles hosted a reception last Saturday night for the recent newlyweds, Chester Rose and the former Betty Powell, who returned this week after a wedding and honeymoon in Reno.

Assisting Mrs. Murphy was Miss Patricia Rose.

Those who took part in the festivities included Mr. and Mrs. George Kaher and daughters of San Francisco; Mr. and Mrs. George Kaher Jr. and daughter of Redwood City; Mr. and Mrs. Lester Johnson and children of Berkeley; Mr. and Mrs. John Andrews of Niles; and Mr. and Mrs. Joe Noguera of Niles.

A buffet supper was served from a table that was appropriately decorated with miniature bride and groom.

The newly-wedded pair are living on Morrison Canyon Road.

## Bridge Club Meets

One of the local bridge groups met last Thursday evening at the home of Mrs. Fred Melhase of Newark. Those present included Mmes. Sam Scott, William Mette, Clark Redeker, Vernon Brown, Kenneth Foster, Kenneth Berg and Paul Gyax.

## San Francisco Visitors

Mrs. John McGovern and her daughter, Jean Nelson, of San Francisco, spent last week-end visiting at the home of her mother, Mrs. Catherine Brewer in Irvington.

## Niles Couple Will Fly to London

A chance visit by a friend to a relative's home in London, will result in a trans-Atlantic plane trip for Mr. and Mrs. H. Lovell Scott of Niles.

Although they have talked about a trip to London for years, it wasn't until Mrs. Nora Rogers of Niles returned here from her trip abroad, telling about visiting a cousin of the Scotts' in London, that Mr. Scott said with finality, "I think it's time we took that trip. Let's go!"

So going they are. They will leave Niles October 1, flying from here to New York, and then fly across the Atlantic. They will stay in London, visiting relatives and old friends, to return back to the United States again on October 15.

"Mrs. Rogers description of London—and of the wonderful hospitality of Lovell's cousin there (we had given Mrs. Rogers her address) was what decided my husband," said Mrs. Scott. "He hasn't been back to London since he left there about fifty years ago. You know, we've lived in Niles for 43 years."

She went on to tell that Mr. Scott, although born in South Africa, went to school in London, and has always held a soft spot in his heart for the British capital city. She added, "My husband doesn't care much for flying. As a matter of fact, this will be his first trip in a plane. But we don't like to keep the store closed too long, so we're choosing the fastest mode of travel."

Their shoe store on Main Street will be closed during their absence.

## Engagement of Niles Girl is Revealed

Barbara Neighbors, granddaughter of Mrs. Helen Oliver, Niles, has added her name to the list of the betrothed girls of the township, having announced her engagement last Saturday night to Bernard Day of San Francisco.

Bernard, who lived with his uncle and aunt, Mr. and Mrs. Ray Auchard of Newark, while he attended his senior year at Washington High, is now enrolled as a freshman student at St. Mary's College. His mother is Mrs. Jewel Day of San Francisco.

Barbara, who was also graduated from Washington High last June, has been employed in the office of the Claude T. Lindsay Company in Decoto.

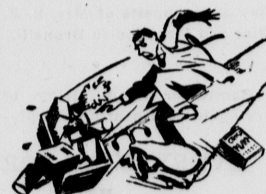

The couple has made no definite wedding plans.

## Flying Trip by Car

Dr. Tom Wilson of Niles, a member of the Alameda County Sheriff's Air Squadron, participated in a group event of the Squadron held at Carmel Valley last Sunday. The affair was an all-day outing and supper at the Carmel Valley Inn. (Contrary to what you might expect, Dr. Wilson made the trip down by car!)

## Return from Mountains

Mr. and Mrs. Lawrence Millard of Irvington returned home Monday from a four-day outing spent at their mountain cabin in Cisco Grove.

## Newark Lad Has Birthday Party

Little Johnny Binder, son of Mr. and Mrs. Jack Binder of Birch Road, Newark, celebrated his fourth birthday last Sunday surrounded by an impressive contingent of his playmates, who enjoyed the birthday cake and ice cream—not to mention the games and entertainment—in a hearty and lusty fashion that meant the party was a huge success.

Those present were Johnnie's twin sisters, Barbara and Veronica; and Carl, Susan, Janie and Paul Cottingham; John and Walter Snyder; Paula Di Fria; Ed and Richard Mello; Kathy and Mary Kolb; Danny and Dennis French; and Margaret, Mary, Johnnie and Kathleen Moore.

## Newark Couple Observe Golden Anniversary

Observing an important milestone in their married life, on September 13, were Mr. and Mrs. Jacob Jacobsen of Cedar Road, Newark, who celebrated their golden wedding anniversary. Those present at the anniversary dinner included their son, Bill Jacobsen of Newark; a daughter and son-in-law, Mr. and Mrs. Joe Saven of San Francisco; and the couple's granddaughter and her husband, Mr. and Mrs. Maxwell Stone of Palo Alto.

The celebration also marked the observance of Mrs. Jacobsen's birthday.

Married in Stavanger, Norway, in 1900, the couple moved shortly after they were married to South Africa, coming to San Francisco in 1907. They opened the Newark Hardwood Company in 1936, and moved here in 1945.

## FORMER MARY CHENG AND BRIDEGROOM NOW HONEYMOONING AT CARMEL

Honeymooning down at Carmel are the newlyweds, Mr. and Mrs. Gordon Fong. Mrs. Fong is the former Mary Cheng of Niles.

Mary and Gordon became mister and missus at a candlelight ceremony on Sunday afternoon, September 10, at the Brooklyn Presbyterian Church in Oakland. The Rev. Ralph E. Vandercall officiated.

The altar was bedecked with white gladiolas and the aisles were decorated with white gladiolas and white satin streamers.

Mr. Wah Sing Cheng escorted his daughter to the altar.

The bride wore the traditional ivory satin wedding gown with a long train and wore a Juliet cap with veil. She carried a bouquet of stephanotis, centered with a white orchid.

Attending the bride were a trio of sisters. All wore matching gowns and matching halos.

Mrs. Mabel Jung, matron of

honor, wore a three-tiered gown with ruffled collar. She carried a bouquet of orchid-colored carnations, and wore a matching halo of carnations on her hair.

Josephine and Florence Cheng, bridesmaids, wore matching orchid gowns and halos. They carried bouquets of yellow carnations.

Gloria Cheng, flower girl, was in a light green gown, and carried an old-fashioned bouquet of white carnations.

George Gan of Oakland was ringbearer. Best man duties were performed by Calvin Joe of Oakland.

Ushers were Ray Cheng, brother of the bride, and Hornmann Wong of Oakland.

A reception in the church parlors immediately followed the ceremony.

The bride is a graduate of Washington High School, and is the daughter of Mr. and Mrs. Wah Sing Cheng of Niles.

## Birthday Feted

Vickie Cort celebrated her fifth birthday at a party held at her home on West Washington Street in Centerville on September 6.

Twenty-four guests, including the children and their mothers, were on hand to wish the little girl a "happy birthday." They all enjoyed the traditional party cake, ice cream and favors.

## Week-End Guests

Mr. and Mrs. R. A. Henle of Woodland were week-end guests at the Joseph Damas home in Niles. They are Mrs. Damas' parents.

## Country Club Delegates

Planning to attend the County Federation of Women's Clubs in Oakland on September 28 are Mrs. Franklin Brown and Mrs. Roland Bendel, delegates from the Country Club. "Going along for the ride," as she says, will be Mrs. Edna Overacker.

## Jury Duty Ends

Mrs. R. A. Griffin of Irvington, who has been on jury duty off and on for the past three months, served her last day this week—she thinks! Needless to say, she is not too sorry that her "term" has expired.

## NEWARK RENEWS CONTROVERSY ON FIRE HYDRANTS

The controversy over the installation of fire hydrants along Thornton Avenue in Newark flamed anew at the Tuesday evening meeting of the Chamber of Commerce.

Following the reading of a letter from the board of the Alameda County Water District refusing to install standard type of hydrants, the Chamber members announced that they would sponsor a candidate for the water board at the next election held in the district.

The controversy arose when the water district attempted to install wharf type hydrants on Thornton Avenue. The district's officials were informed that the Newark Fire Commission had voted not to pay the \$3.00 per month rental on any new hydrants unless they were of the standard type.

**NO PRESENT PROTECTION**  
The work was halted by the water district and no hydrants have been installed up to the present time. At last month's meeting the Chamber backed the fire district on its stand.

Another letter was ordered sent to the water district, pointing out that there are not sufficient hydrants along Thornton Avenue for adequate fire protection and that the ruling by the fire commission blocks the installation of any hydrants other than standard type.

The Chamber also protested what they termed failure on the part of the county to complete the resurfacing of Thornton Avenue. Secretary Howard Buschke was instructed to write to Supervisor Chester E. Stanley asking that the loose gravel be swept from the new black-top roadway.

**CITE LIGHT VOTE**  
The light vote cast in Newark in Monday's sanitary district election was criticized by Chamber members as a failure on the part of residents of the community to back its candidates.

President Edward Bimemiller named George Ford and Chester Gunn to a committee to work out a plan of notifying voters of the date and polling places for all elections.

The semi-annual dues of \$60 was voted paid to the Washington Township Chamber of Commerce. Committee members reported that arrangements were being completed for the card party which the Chamber will sponsor at the elementary school on Saturday, October 21.

Letters were ordered sent to gravel hauling companies whose trucks travel through Newark, requesting them to order a slowdown of trucks passing through the community.

**CARD OF THANKS**  
I wish to thank all of my friends and well-wishers who gave me such wonderful support in the recent Union Sanitary Board election. I can only say that I will do all in my power to justify their trust in me.

MANUEL BERNARDO

**CARD OF THANKS**  
May I express my thanks to all of those who placed their confidence in me by voting for me at the Union Sanitary Board election. They may rest assured that I will do my utmost to deserve that confidence.

## STUDY FORMATION OF WATER DISTRICT

The possibility of the formation of a water district comprising the Warm Springs area is being studied by the Warm Springs Chamber of Commerce.

At last Thursday's meeting of the Chamber, Bruce Michael, chairman of the water committee, reported that the new Hetch-Hetchy pipeline now being laid through that area will have an outlet tap which could provide water to the community. He reported that the City of San Francisco would release water, however, only if the area was formed into a water district.

President John Souza asked Michael to make a survey of the property owners to determine if the majority would favor the formation of such a district.

were spoken by Matt Whitfield, president of the Holy Names Sodality and Mrs. Marie Brazil, president of the altar society. Music was provided by Elaine Lewis, vocalist. Members of the Centerville Council, Knights of Columbus, attended the services as a body.

Father O'Connor was ordained at Galway, Ireland, in 1925 and has served at churches throughout the bay area since that time. He became administrator of Holy Ghost Church in January of 1949.
